

Universal grinder EWAG WS11

State	REBUILT
Category	Tool grinder
Brand	EWAG
Model	WS11
Serial number	-
Year of manufacture	-
Inventory number	900011

CHARACTERISTICS

Second-hand machine totally rebuilt with new painting :
upper part : white grey RAL 9003
base : grey RAL 7011

Guarantee : 12 months on parts only from date of delivery.
Will be delivered with accuracy chart.

Grinding spindle

Speed at 50 Hz 2000 | 3500 | 4800 | 6800 rpm
Speed at 60 Hz 2400 | 4200 | 5760 | 8160 rpm
Engine power 0.3 KW
Vertical range axe Y 100 mm
Reading accuracy 0.01 mm

Workpiece holder

Continuous variable speed from 100 - 1000 t/min
Engin power 0.25 KW
Divisor 120 divisions

Spindle W20

Range axe Z 100 mm
Reading accuracy 0.001 mm
Range axe X 100 mm

Dust extractor

Turbine power 0.7 KW
Air volume 0.8 m3/min

COMPOSITION AND ACCESSORIES

infed operation 4E (Z axis), ref. 111-2-15168
cross feed drive 4Q-M (X axis), ref. 111-2-29011
grinding stroke drive 3H (Y axis), ref. 111-2.15165,
with NEW retrofit kit
Rebuilt or new grinding spindle Q36-12, ref. 111-2.21901,
with rebuilt holder 3KPN and rebuilt system of forced
lubrication
Rebuilt or new maintenance free workhead spindle BP60-20, ref.
111-2.15546
Workhead complete
Electronic variator for workhead spindle (from 100 to 1300
RPM)
NEW foot pedal 9M (Z axis), ref. 111-2.15740
NEW LED lamp WALDMANN
Rebuilt integrated dust extraction unit

Accessories

NEW digital readout on Z axis 4DZ-MZ, ref. 111-2.31009
NEW universal support
Instruction book

Options (to be selected by yourself with the order)

NEW set of 20 collets SCHAUBLIN type W20-UP (ultra precise)
NEW optics / microscope from the front S40-VM
NEW optics / microscope from the top S40-OMP with mechanical
micrometer
NEW optics / microscope from the top S40-OMP DIG with digital
micrometer
NEW measuring table MT-MP with mechanical micrometers
NEW measuring table MT-MZ DIG with digital micrometers
